Madinat al Ahalam

"مدينة الأحلام" (Dream Town) , Madinat Al-Ahalem was founded in March 2007 by a member of Japan Overseas Cooperation Volunteers in Egypt. It is an artistic group who performs various kinds of activities such as puppet show, magic show, pantomime, etc for children living in Egypt. Madinat Al-Ahalem has been touring all over Egypt and performed at children's center, schools, street children's centers, and where people need us in order to provide children with entertainment, cultural exchanges, moral education, etc.

Why do we do this? - from a member of Madinat Al-Ahalem
First of all, we simply want to share a fun time with children. We want to see many smiles. But it doesn't end there. We want to introduce new ideas to them and give them opportunities by which they can see things from a different point of view and enhance their imagination. The themes can be the importance of friends to environmental issues. Education is very important for children since it's those children around you who will lead the society in the next generation. And it's us who are responsible to guide those children in the right direction. So, comes sit with the children and see what you can do for the next generation...

Please Kindly inform us of your attendance (Name, affiliation & E-mail address by 5th March, 2014 by Email as seats are limited.
